FOR IMMEDIATE RELEASE

McLanahan Representative MAB Equipment Expands into Wisconsin

Hollidaysburg, Pa., August 1, 2016 — McLanahan Corporation is excited to announce that MAB Equipment Company will now cover the entire state of Wisconsin focusing on the construction and industrial aggregates industry.

The Illinois based company will be selling and distributing McLanahan's line of washing and classifying equipment throughout Wisconsin. This includes products such as Screw Washers, Cyclones, Separators, Hydrosizers, Thickeners, Filter Presses and more.

"MAB has always been a great partner for McLanahan and they share in our vision of offering the best customer support in the industry," said Mark Krause, Managing Director –North America.

MAB Equipment Company has been servicing the aggregate, mining and recycling industries for over 15 years. Their wet processing knowledge is extraordinary and customers have come to know MAB Equipment as the experts within the industries they serve. They have been a trusted partner to McLanahan for many years and represent not only the Wisconsin area but also Northern Illinois.

For more information on how MAB Equipment Company can provide a McLanahan solution to make your operations more profitable, increase site efficiency, or make an existing system more productive contact Mark Blanchflower at +1 (630) 408-0614, or by e-mail at mark@mabequipment.com.

McLanahan Corporation provides safer, simpler and smarter processing solutions backed by its renowned service and support. For more information, visit www.mclanahan.com or contact sales@mclanahan.com.
